TMDS 1230 PSU BS

Article number: 307372

Product description:

The TMDS 1230 PSU-BS is specifically for powering a TMDS cascade switch system. Providing up to 3.0A of current even large cascadable systems can be powered from one PSU unit. Connected to one of the TMDS unit, they also provide via the trunk lines to LNBs and other units on the cascade trunk. With BS-type Mains plug.

Specifications

ORDER INFORMATION	
EAN Number	5702663073722
OPERATIONAL	
AC Supply voltage	110...240 VAC
PSU output DC voltage	20 VDC
LINE power current (max.)	3000 mA
CONNECTORS	
Connector DC	DC jack 5.5mm/2.1mm (IEC A)
MECHANICAL	
Main material	Plastic housing ABS
Net Weight	0,470 kg

Tara Weight	0,055 kg
Total Weight	0,525 kg
