

# Improved QUICK START GUIDE Digital TV (DVB-S2-T2-C) for the DENSON DEN22\_24TVSMART.

## FIRST TIME START-UP NEW OUT OF THE BOX:

The 22 and the 24TVSMART start up in SATELLITE TV (DVB-S) mode with the Preset GERMAN Free To Air channel list:

After turning ON the Smart TV, you will see "NO SIGNAL" on the screen, provided the dish is not pointed at the ASTRA-1.  
(If you have aligned the dish on Astra-1 when turning on the TV, then you have a picture of a German Free To Air channel).

### 1. CANAL DIGITAAL FASTSCAN channel download on Astra-3 (23.5° East):

2. Use the MENU button on the Remote control.
3. You enter the Main menu of the Satellite TV, go to INSTALLATION and use OK button.
4. In menu Installation: Go to AUTO SEARCH and use the OK button.
5. Select at COUNTRY > NETHERLANDS
6. Select at SCAN MODUS > FASTSCAN.
7. For OPERATOR automatically CANAL DIGITAAL occurs.
8. Go to SEARCH and use the OK button and the FastScan channel download starts.

### 2. TV VLAANDEREN or TELESAT FASTSCAN channel download on Astra-3 (23.5° E) or HOTBIRD (13° E):

9. Follow point 2. & 3. mentioned above.
10. You enter the Main menu of the Satellite TV, go to INSTALLATION and use OK button.
9. In menu Installation: Go to AUTO SEARCH and use the OK button.
10. Select at COUNTRY > BELGIUM.
11. Select in SCAN MODUS: FASTSCAN.
12. For OPERATOR automatically TV VLAANDEREN occurs.
13. For the TELESAT channels change in OPERATOR TV Vlaanderen in TELESAT with the ► button.
13. Go to SEARCH and use the OK button and the FastScan channel download starts.

You can now watch and listen to the required TV & Radio channels. Have much fun!

If you now want to set up the SMART TV, please refer to pages 9 to 13 of the user manual.
